

Office of the Leader

Cabinet de la chef

To all Albertans

The Vision 2012 Society is dedicated to establishing a new provincial party in Alberta that will be part of the global network of Green Parties. Though each of these parties is uniquely guided by its own geography and culture, all are unified by their commitment to the common principles of Ecological Wisdom, Social Justice, Participatory Democracy, Nonviolence, Sustainability and Respect for Diversity.

As Leader of the Green Party of Canada, my support for the goal of establishing a provincial Green party in Alberta is grounded in my conviction that the network of Green parties is a unique strength of the Greens everywhere. All benefit from the progress made by each. Alberta is now one of only two provinces in Canada without a provincial Green Party.

My support for the Vision 2012 Society (so named for its goal of establishing the new party by 2012) is further grounded in my confidence in the Executive of the Society. I know that its officers are dedicated to the advancement of both provincial and federal Green Parties in Canada.

I extend my best wishes for the success of the Vision 2012 Society and the Party it will create.
